

# Digital India Week

---

2<sup>nd</sup> to 7<sup>th</sup> July, 2015

**INFORMATION TECHNOLOGY DEPARTMENT**  
Government of Meghalaya

## Chief Minister's Message

The Government of Meghalaya is observing the Digital India Week in the State from 2<sup>nd</sup> to 7<sup>th</sup> July, 2015.

During the Digital India Week, the State Government is organizing a number of events and workshops at various levels in the State. The multi-faceted events will witness active participation from the educational institutions, the industry, and the citizens at large. The State Government will be launching Digital Classrooms, tablet for teachers, and WiFi for Schools at several government schools in the State. The State Government is also partnering with industry associations for conducting workshops on important issues related to telecom and industrial policy matters. Awards for best performing Village Level Entrepreneur (VLEs) of Rainbow CSC (Common Service Centre) will also be given. The district offices and the Common Service Centres are also organizing several events related to digital awareness.

I take this opportunity to extend my best wishes to all stakeholders involved in the Digital India Week programme in Meghalaya.

## IT Minister's Message

I am happy to learn that Meghalaya is observing the Digital India Week from 2<sup>nd</sup> to 7<sup>th</sup> July, 2015. On this occasion, I would urge all citizens, particularly students and youth to come forward and participate in the various IT and related events which have been planned at the State and District levels. The students may participate in the digital wellness quiz competition by logging in through <http://quiz.digitalindia.gov.in> portal. The Village Level Entrepreneurs (VLEs) of Rainbow Common Service Centre (CSCs) are also organizing awareness events at their premises.

I convey my best wishes to all the stakeholders including the industry associations, which are involved in the Digital India Week in Meghalaya.

# Digital India Programme

Digital India, aims to “*transform India into a digitally empowered society and knowledge economy*”. The focus is on being transformative to realise *IT (Indian Talent) + IT (Information Technology) = IT (India Tomorrow)*. This programme centers on three key vision areas of “*Infrastructure as a Utility to Every Citizen*”, “*Governance and Services on Demand*” and “*Digital Empowerment of Citizens*”. It is an umbrella programme that covers multiple Government Ministries and Departments. The initiative is being coordinated by the Department of Electronics and IT (DeitY), Ministry of Communications and IT, Gol.

## Digital India Week Objectives

- Inform, educate and engage with citizens through organization of events at large number of Digital Points of Presence such as CSCs/ Post Offices, Schools, Gram Panchayats etc.
- Connect all netizens through Digital Media campaigns and events
- Inform all about the vision, services and benefits of the Programme
- Popularise and expand the reach of existing e-services, plan and launch new services
- Educate citizens on functional digital literacy, cyber security, cyber hygiene, ensure better utilization of Digital infrastructure during the DI Week and beyond

## Digital India Week Programme

The Digital India Week would be formally launched in an event at New Delhi on July 1, 2015. Several new products and e-services such as Digital Locker are to be launched during the inaugural event.

A week from 1<sup>st</sup> to 7<sup>th</sup> July, 2015 is earmarked for programmes comprising of awareness and communication events to be organised across the country to effectively deliver the message of Digital India to the citizens. The events would be conducted at different levels starting from the village level, block, municipality, sub-division, district, state and national level to make people in general and all levels of government in particular to communicate the transformative impact of the Digital India programme. The events would be organised at large number of Digital Points of Presence such as Common Service Centres, Post Offices, Schools, Gram Panchayats etc. to inform, educate and engage with citizens.
